SPECIFICATION AMENDMENTS

Replace the paragraph beginning at page 21, line 26, with:

For a local server 3 having a small memory capacity, for example, a software that uses less memory is mounted. For a local server 3 for which ~~the~~ processing speed is demanded, rather than ~~warrying~~ <u>worrying</u> about ~~the~~ any limitation on ~~the~~ memory capacity, on the other hand, a software which gives importance to performance is mounted.
